

Course Overview

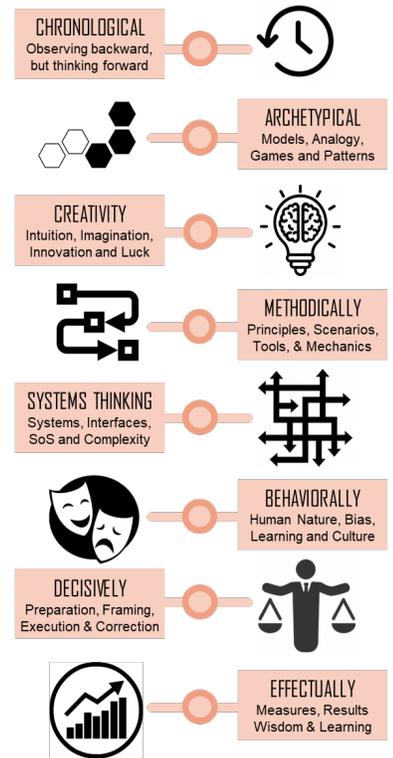

This immersive two-day course equips professionals with a comprehensive toolkit of classical and modern strategic methods. Drawing from a blend of academic theory, military doctrine, business frameworks, and foresight practices, participants will gain insights into how to formulate, execute, and sustain strategic initiatives. Through an exploration of influential thinkers, models, and real-world examples, the course emphasizes adaptable thinking and practical application. Attendees will leave with a heightened ability to think strategically, influence outcomes, and lead with clarity in dynamic environments.

Learning Objectives

1. Understand and apply various foundational and advanced strategic frameworks
2. Integrate foresight and scenario analysis into strategic planning for future resilience and adaptability
3. Identify and mitigate pitfalls in strategic execution using proven tools
4. Translate strategic intent into actionable messaging and execution plans

Who Should Attend?

This course is designed for mid- to senior-level professionals responsible for shaping, influencing, or executing strategy in organizations navigating change, growth, or digital transformation.
